FALL 2013

## SPORTS WAGERING

NCAA Bylaw 10.3 prohibits student-athletes from participating in any gambling activity that involves amateur or professional sports. The penalty for a first offense is one year loss of eligibility, and a second offense may result in permanent ineligibility. Gambling activities include:

- Accepting or placing a bet for anything of value;
- Providing insider information;
- Point shaving; or
- Fantasy leagues with an entry fee.

**WIN. GRADUATE.  
DO IT RIGHT.**

## OUTSIDE COMPETITION

Many student-athletes wish to participate in outside competition during and outside of the academic year. This may be permissible depending on your sport and the specific competition.

Athletes that participate in **TEAM SPORTS** (basketball, soccer, football, field hockey, baseball, volleyball, softball) **may NOT** participate on any outside team during the academic year.

Athletes participating in **INDIVIDUAL SPORTS** may participate in outside competition during the school year, as long as they receive prior approval and compete **unattached** from UI.

An **unattached competitor may not:**

- Wear/use any University of Iowa apparel;
- Receive reimbursement for expenses from the University of Iowa;
- Receive medical care from a University of Iowa athletic trainer at the competition; or
- Receive instruction from a University of Iowa Coach.

## EXTRA BENEFITS

Student-athletes, and their friends and relatives, are not permitted to receive any extra benefit or special arrangement because of the athlete's status. **Examples of impermissible benefits include:**

- free food and drinks
- loans of any kind
- unadvertised discounts
- clothing or equipment
- free admission to an event
- use of a vehicle

A benefit is not a violation of NCAA rules if the benefit is available to the general student population regardless of athletic ability.
